

Dr. Foley's Article Didn't Set Well

STORY OF GRAYLING CARNIVAL BELIEVED UNFAIR

Dr. E. L. Foley who, according to reliable information, seemed to constitute to himself the privilege to pass comments on Grayling's Winter Sports carnival as he claimed he saw it here on Sunday, January 25. Apparently his viewpoint was either prejudiced by a desire to hit someone or something or by a lack of understanding. The truth is he didn't take the time to verify some of his remarks as published in the Alpena news on the following day.

Of course the article brot on severe criticism by local people, and didn't stop there but seems to have been resented by some of the leading citizens of Alpena as well. Letters written by local citizens to the publisher of the News in protest to the article were published in the News Friday, reading as follows:

Grayling Winter Sports Article Is Resented

To the Editor:
I am sorry that Dr. E. L. Foley had published in your paper Monday a rather lengthy article on Grayling Winter Sports. His figures were very bad through misinformation—so I take it—I have written the Doctor today and I would like you to publish this letter so that you may know where we stand on the subject, in the spirit of cooperation.

Kindly send me a few copies of Monday's issue for my files.

Sincerely yours,
Holger F. Peterson,
Grayling, Mich.
Jan. 28, 1936.

To the Editor:
Will you please grant us some space to reply to Dr. Foley's article regarding our Winter Sports program in your issue of Monday, the 27th.

It is very evident the Doctor bases his statements on a superficial knowledge, acquired in a couple hours visit here.

Our Winter Sports Program started some eleven or twelve years ago—and while intended at first to provide entertainment for our local folks, its popularity soon gained so many adherents from points outside that it soon was not a question whether we wanted a winter sports program but how best to carry it on so that as many as possible would benefit from it.

No one not acquainted locally can know or appreciate the amount of time, money and effort that has been poured into this project by Grayling folks, and if proper allowance were made for all this, it would be safe to say that instead of \$30,000.00, we have much more than that invested in our Winter Sports Program. Naturally the Doctor has overlooked that all this is not in the form of tangible assets.

In all this time, our main motive has been to have outside folks become better acquainted with Northern Michigan and its possibilities as a year around playground.

It is true some of the local businessmen may have profited to some extent from the patronage of visitors, but the Winter Sports Association itself has never profited financially from the project.

The 25c admission and 5c per

ride the Doctor and others have paid has gone to pay operating expenses and for betterments.

The setup is not perfect and we want to be the first to admit that, but if plans now under way materialize, we shall have a bigger and better program to offer the public next year and succeeding years.

The Doctor need not worry about Southern Michigan towns providing their own Winter Sports Program. Natural geographical, topographical, and other conditions give Northern Michigan an advantage in this respect that we need only capitalize on.

The Snow Trains from Detroit are a fortunate adjunct to our program that we have been able to capitalize on due to our proximity to Detroit.

Of the several thousand folks from Detroit who have already visited us and the several thousand more we expect in February, we are certain very few go home dissatisfied and that they and more will be back again next year.

We've got something here in Northern Michigan; let's pull together and make something of it. We do in the summer, so why not in the winter?

Sincerely,
Grayling Winter Sports Association, Inc.

Sentiment Not Shared By Other Alpena People.

Emmett Platt, district manager of the Tri-County Telephone Co. whose headquarters are in Alpena, was in Grayling Thursday and called at the Avalanche office and while here said that he regretted the article and intimated that Dr. Foley's article would be given little credence in Alpena.

J. E. Richards, publisher of the News wrote the following letter:

The Alpena News,
Alpena, Michigan
January 31, 1936.

Mr. O. P. Schumann,
Grayling, Michigan.

Dear Mr. Schumann:
Emmett Platt told me that he talked with you yesterday about the regrettable Foley article which appeared in The Alpena News last Monday. I was sorry to learn that Dr. Foley had been confused with Dr. O'Donnell, president of our Winter Sports Club. Dr. O'Donnell was one of the first to approach me that evening with an expression of regret that it had been published. Many of our people feel the same way. As a matter of fact, I think that the article, through the resentment aroused in your behalf, has done Grayling much more good than harm. Fortunately also our circulation is negligible in points beyond these four counties where the unfavorable publicity might be harmful to Grayling. Will you please express to the people of Grayling my sincere regret?

I am sending you several copies of today's News in which appear letters from Holger F. Peterson and Emil Giegling.

With best wishes, I am
Sincerely,
J. E. Richards,

Article appearing in Alpena News Jan. 27 containing very

destructive criticism concerning handling Grayling Carnival had no authorization of Alpena Sports Club and was not written by any member of our organization. All Alpena people attending your carnival had a good time. The Alpena Winter Sports Club have been cooperating with Grayling to the fullest extent and intend to do so in the future. We extend to all residents of Grayling a sincere invitation to attend our carnival now going on. Highlight of program will be Saturday night and Sunday. Please see that this wire gets the proper publicity.

Kindest Regards,
Dr. F. J. O'Donnell,
President Winter Sports Club.

Detroiters Had Great Time Here Sunday

TWO TRAINS BRING IN HAPPY CROWD

Kirby's Snow trains of Detroit brot in one of the merriest crowds of the winter season, Sunday. Eleven hundred people got off the trains and soon were having the "time of their lives", as some remarked. Some came with skis and others with snowshoes but when they saw the big toboggan slides, that was where they started for.

And these toboggan slides were like lightning—solid glassy ice, and how those toboggans did speed! Over 2,400 people, outside of members who didn't have to purchase tickets, took the trip down the slides that day and there wasn't a single accident.

The skating rink too was a kaleidoscope of flashing colors as the skaters gracefully glided over the smooth ice. The visitors seemed to be having the best time ever and leaving time came altogether too soon. There was almost no evidence of drinking among the visitors and a pleasant crowd could hardly be found anywhere.

Next Sunday, providing the weather moderates at all, there will be two trains from Detroit, arriving at 1:00 and 1:30 p. m.

Kiwanians Sponsor "Jazz Regiment"

SENSATIONAL MUSICAL COMEDY

Rehearsals are in full swing in preparation for the kiddies' revue "The Jazz Regiment", which is to be presented at the high school auditorium Friday, February 14th.

The cast of the production is composed of some 40 youngsters who are pupils of the local branch of the Robinson Dance Studios.

Several months ago "Hollywood Bound," a kiddie revue made up of children from the Robinsons Traverse City Studio, was presented here and received the enthusiastic applause of a capacity audience. Since that time the youngsters of Grayling have been under the instruction of this school and promise to give a very delightful performance in bonafide musical comedy style.

Singing, dancing, captivating music and gorgeous costumes go to make up this presentation and it is expected that a capacity house will turn out to see "The Jazz Regiment."

SLIGHTED THE LITTLE TOTS

One of the staff of the Avalanche was quite abashed, when last week's edition was off the press, to find that in writing up the Queen's Ball, she had, negatively speaking, served the pudding without the sauce. The caring children who lead the queen and her court to the throne had been left out of the write-up.

How could one forget Bobbie Brady, carrying the satin pillow for the prize dued of the lovely queen, as she toddled toward the throne? Following him came two little fairies, Betty Hewitt and Barbara Miller, each with a basket of flowers looking as sweet as miniature queens. One could just imagine what they will be like in—well, say, 1950, when winter sports will still be going over big in this community, where winters are winters and where outdoor recreation is becoming more popular each year, not only in the summer but in the winter as well.

Mistakes will happen in the best of well regulated newspaper offices and this was just another one that got by unnoticed.

CHANGE NAMES OF ALEXANDER LAKES

Alexander lakes in Hartwick Pines State park, northeast of Grayling, will be re-named "Bright" and "Star" lakes, respectively, if approval is given by the state and national boards of geographic names.

The change is requested by Mrs. Karen B. Hartwick, who donated to the state the land now known as Hartwick Pines State Park.

"Sanctions" Applied at Home

Governor Appoints Charles E. Moore Judge Of Probate

Governor Fitzgerald Monday appointed Charles E. Moore, Grayling attorney, to succeed the late Judge George Sorenson. Official certificate of appointment was received Tuesday morning.

While Mr. Moore "located" in Grayling only last summer, by his capability as an attorney, his sense of fairness and justice in matters that have confronted him in his profession and the manner in which he has shown a fine community spirit, he was able to receive splendid endorsement in favor of his appointment.

Mr. Moore was originally from Cheboygan where he graduated from high school. After completing his school work, he served several years in the U. S. Coast guard and was stationed at Mackinac Island. When the World war broke out he entered the naval service. At the close of the war he entered and graduated from the Detroit University of Law and begun practice in Detroit where he continued for about eight years. This practice

CHARLES E. MOORE

proved to be excellent experience to this young enterprising lawyer and he decided that he wanted the experience of practice in a smaller community and chose Grayling. Shortly after locating here he purchased the office building used for so many years by the late Geo. L. Alexander where his offices are now located.

His father was a boat captain on the Great Lakes and Mr. Moore's experience from childhood with his father taught him much concerning lake navigation and in due time he too became a lake captain and is today the only practicing attorney in Michigan to possess a lake captain license. He says that he had a love for this work but his health would not permit sailing and he had to give it up.

Since coming to Grayling he has entered into the activities of the community with a great deal of zeal and has established himself as a loyal Graylingite. His talents as an attorney and interesting speaker have been called upon frequently.

The office of probate judge is better in the hands of an attorney, for many legal matters have to be determined in that court. Cases coming into probate occur in most instances because of circumstances relative to estates and but few who come into that court have any knowledge whatever as to its functions and know their own constitutional rights. When a judge of the court is familiar with the statutes that govern his court and who is able to correctly interpret the laws and give honest, impartial service and is thorough in his work, then he may give the public valuable and helpful administration. We believe Mr. Moore can and will give this kind of service.

Legion Jottings

The Drum and Bugle Corps held their regular practice and drill last Thursday evening at the hall but several members were missing. On Monday evening the Corps practiced at the school gym and began learning a new selection.

The Corps practice on Monday evening will be held at the school gym, and if our Drum Major doesn't get a phone call, we would appreciate his being present as this is drill night. We also want all members at these meetings. Every Thursday night practice to be held at the Legion Hall.

Next Monday evening will be the regular meeting of Grayling Post 108 and we want all members present. This means the new ones as well as the old members.

You ex-service men who have not made out your application for the soldier's bonus can get busy now and communicate with Capt. John Erkes who will gladly assist you in any way.

The Legion and Corps as a whole are very pleased that one of its members, Comrade Charles Moore, has received the appointment of Judge of Probate to succeed the late George Sorenson. We feel that Charlie will make a very capable person in charge of the duties required of him in that responsible office.

YOUTH IN THE COMMUNITY

What is this community doing for its youth? This really is a serious question that applies to any broad-minded community. How many people realize that in December, 1935, that there were approximately five millions of young people between the ages of sixteen and twenty-four who are out of school and out of work. It is significant that the number unemployed from the age group sixteen to twenty-four, is greater than the number of this group to be found in full-time high school and college work. These stranded youth are found in every rural area, village, town, and city of the country.

Isn't it time that some serious consideration should be shown for our own stranded youth in Grayling? Are we going to let these splendid young people travel their own paths in our midst and not give them a chance to use their talents in planning and carrying forward undertakings in our community under capable sponsorship?

Why not sponsor youth movements in our community through various local agencies or the community in general? What community wouldn't be proud of a fine youth organization that could assist in public functions? These youths have been taught fair play and cooperation during their school years and an organization with these factors would boost Grayling a long way. Let us give our youth a chance.

Russell Robertson.

GRAYLING WINTER SPORTS ASSN.

Judge Sorenson Laid To Rest

WAS ONE OF LARGEST-ATTENDED FUNERALS

The funeral services for the late Judge George Sorenson were held at Michelson Memorial church, after a brief service held at the home, on Sunday afternoon. The church was filled almost to capacity. Besides a large circle of relatives and townspeople, there were many outsiders present from other cities who came here to be present at the last rites of this fine citizen.

Rev. Edgar Flory, pastor of the church, paid a beautiful tribute to the deceased, relating instances of his life that portrayed a beautiful character, a splendid husband and father and his kindness for people and especially children. And with a fine sense of humor, and kindness for all mankind, he led a life that was filled with the highest spirit of citizenship and Christianity. He stood high in the business circles of his community and was generally loved by all who knew him.

Rev. Flory was assisted by Rev. Hans Juhl, pastor of the Danish Lutheran church. Mrs. Jarman and Mrs. Goutro sang a quiet, "In the Garden" and the church choir sang "Beautiful Isle of Somewhere." Mrs. Cuppert presided at the organ.

The pallbearers were county officials with whom Judge Sorenson had served many years. They were as follows: Prosecuting Attorney Merle E. Nelson; Sheriff Frank Bennett; Clerk Axel Peterson; Treasurer William Ferguson; Register of Deeds Honnor Hanson, and Deputy Sheriff Frank May.

Interment was in Maple Grove cemetery. Among those from out of the city present at the funeral were:

From Grand Rapids: Mrs. P. E. Johnson, P. E. Johnson Jr., Mrs. Ray Haven, Mr. and Mrs. Arthur Johnston and daughter; Mrs. Helen Schumaker, Mrs. Roswell Kelly, Mrs. Harry Nowicki and two daughters, Chicago; Mr. and Mrs. A. B. Lincoln, Riney Paul and son, Detroit; Mrs. E. Van Sickle, Vera VanSickle, Mr. and Mrs. Houghton King, Houghton Lake; Mr. and Mrs. W. Brown, Mr. and Mrs. George Pearson, Saginaw; Mr. Bradley, Midland; Judge Bowman of Roscommon and Judge Calkins of Gaylord.

OLD RESIDENT PASSED AWAY

Mrs. Inger Marie Neilsen, a well known resident of Grayling since 1905, passed away at her home Friday morning of heart trouble, after being in feeble health for some time. Mrs. Neilsen had a host of friends and many of these friendships had lingered on through the years since coming to Grayling. She was very kind and sympathetic and a good neighbor.

Mrs. Neilsen was born in Nasstrid, Denmark, Feb. 15, 1855. In her younger days she was a toy-maker and often was heard to tell of the unique ways in which toys were made. Following the death of her husband Carl Henry Neilsen, in Denmark, she came to Grayling joining her brother Wilhelm Neilsen. The latter's wife had passed away in 1900 and he was left with five small children to care for so had urged his sister to come and make her home with him. There were Wilhelm Jr., Carl, Otto, Anna, and Elina, of Longview, Wash.; all of whom survive together with the brother the latter who is in very poor health at present.

The funeral was held Monday afternoon from the home of a nephew, Otto Neilsen, and later at Danish-Lutheran church, Rev. Hans Juhl officiating.

CARD OF THANKS

We acknowledge with sincere appreciation the kind expressions of sympathy of our friends in our late bereavement. Also the choir and Rev. Hans Juhl for their kindness.

Wilhelm Neilsen, Sr. and Family.

Cold Wave, Snow Hit Michigan

GRAYLING HIT HARD. SNOW BURIES CITY.

Michigan people experienced one of the severest of cold days Wednesday, when the mercury at Grayling went to 16 below zero at 7:30 o'clock a. m., according to the thermometer at the Fish Hatchery. A bad blizzard raged all the day and night before. Moving well below the zero mark all day Wednesday the highest temperature was four below which was at 4:30 o'clock in the afternoon. During the forenoon it registered 14 below at 8:15 and 9 below at 9:30 o'clock. There was a penetrating cold northwest wind blowing which made it doubly cold. This storm was general throughout the state according to the state papers.

Grayling school children seemed to suffer the worst from the cold, and Supt. Roor reported that there were many who arrived at school with frost bitten ears, noses, cheeks, fingers and toes. To make the situation doubly serious it had been utterly impossible to get the school building warm that morning. Mr. Neal, janitor, had been firing hard for five hours, but with little result, so school was dismissed for the day.

The attendance fell far below the usual, when out of 230 pupils in the assembly, only 82 braved the storm. In the grades there were as few as two present and on an average of 6 or 7 to the grade.

The smaller children were accompanied to their homes by high school pupils on dismissal of school.

Tony Nelson, superintendent of County State Highway department reports that in spite of the storm, highways U. S. 27 and M-76 have been kept open for travel at all times.

Love School Snowed In. Tuesday afternoon, an S.O.S. call was sent to the County barn here in Grayling for a snowplow to plow out the roads in the vicinity of the Love school. A heavy snow fell all afternoon and when it came time for dismissal the roads were blocked so badly it was impossible for the children to get to their homes.

G. H. S and Gaylord Play Here Tuesday

Gaylord high school, Grayling's oldest and toughest rival, will seek revenge Tuesday night for the 15-14 beating Grayling handed them earlier in the season.

Last year, the Northern Lights won two games from the Top O' Michigan squad during the season and then lost a hard fought battle in the district tournament. Earlier this season they again defeated Coach Makel's boys and the Gaylord squad wants revenge more this time than ever before. No one knows who is going to win, but everyone does know that it's going to be a fight to the finish. Let's have everyone out to support our fighting green-clad organization.

WINTER SPORTS MEETING MONDAY

There will be a meeting of the members of the Winter Sports Association at the Courthouse next Monday evening at eight o'clock. That means that everyone possessing a membership should be in attendance. There will be business of importance to bring up.

Roy Trudgen, President.

APPRECIATION

We wish to thank our neighbors and friends for their beautiful expressions of sympathy during our sorrow. Also the ministers and choirs for their services.

SKIING IN MICHIGAN

Unless we missed the sign, Michigan vacation resorts will soon be carrying on an all-year industry. Winter, as well as spring, summer and fall, will see our playgrounds swarming with seekers after pleasure and health. Winter sports, particularly skiing, have been the rage for several years ago, to the average citizen of this region. "It was a misapprehension of my," "Two years ago skiing was known only as an extension of jumping from the roof of the key to the bottom of the world by a few ardent and carefree mountaineers." "Five years ago it was beginning to be recognized as a form of outdoor activity which the less athletic also might indulge in if wealth and leisure permitted them to visit Canada, the Adirondacks, or the Alps." "Today it is accepted as a downhill and cross-country sport which any person of moderate means, not a connoisseur or a cripple, can enjoy on any snowy, sparsely populated terrain, without an hour's drive of his own car." "The running trails around Detroit are marked with the tracks of many skiers, and snow trails for up-state, although previously so quiet that their existence is almost a secret, are crowded to the vestibules and out to three weeks in advance." "This 'king of winter sports' is sweeping the country as golf did 15 years ago." "The Adirondacks and the Alps are far away. The majority of middle-westerners who wish to ski will necessarily ski in Michigan. Our territory, while not ideal for the sport, is good enough." "Michigan summer resorts which equip themselves with winter resorts and offer suitable accommodations for skiers will presently be doing as profitable a business in January as they do in July—Detroit News.

NEW LIQUOR REGULATIONS

(By T. E. Johnson)
The state liquor commission is now making plans for the renewal of licenses on May 1. They announce that applicants who have not been renewed by April 30, will not be permitted to open their doors on May 1. In accordance with the announcements previously made, the applicants must have the approval of the local law enforcing agencies before the commission will consider their applications at all. The present rules permit the commission to refuse to grant licenses to any persons whom they consider unsuitable in any way or for pretenses where they do not believe that the best enforcement may be obtained. No place which is connected with living quarters will be considered. This means that if there is ready access to such quarters, the permit will be refused. If an outside entrance is used or if an outside stairway is in use the application will be considered. Any place which derives its principal revenue from the sale of gasoline, oil or automobile accessories is also automatically barred under the new rules of the commission. Of course there are grocery stores which have a gasoline pump and which also sell beer, but these will be considered if the chief income is from the merchandise other than auto supplies. It may be that these rules will work some hardships but the members feel that they must draw the line somewhere and it seems easiest to do so by helping closely to the mark thus set up. There have been a good many daily newspaper stories about the fingerprinting which is to be required but this is merely an incidental means of identification. In many of the larger units it is hard to know whether the man in charge or possession is actually the licensee. The fingerprints will enable this fact to be easily determined. The new method places the responsibility of the applicant directly on the local officers. In the past there has been some confusion and a deal of "buck-passing" on this particular point. The responsibility will now be definitely fixed.

Wetomechick CAMP FIRE GIRLS

We had our 4th Anniversary meeting recently at the Michelson Memorial church. This week we had a party. We played games and had a very good time. We were very happy to have so many friends here. We were very happy to have so many friends here. We were very happy to have so many friends here.

Saturday evening the Birth-day club met at the home of Axel Peterson and helped him celebrate his birthday anniversary. Sixteen guests were present and the evening was spent playing pin-ball, after which a delicious lunch was served. Mr. Peterson's birthday was some time ago but his illness prevented a celebration at that occasion.

Recreational Notes

The official schedule for the remaining winter months will soon be under way. Two teams have been organized and others are expected to be ready soon. These games will be played on Tuesday evenings at the high school gymnasium.

In a short time we are going to organize other activities for those who care to participate. These activities will be held in the Finn hall, on the south side of the river. A 22 rifle club will be one of the attractions held there. Boxing, wrestling, and other games will be held there also.

We would like to have a good turnout for the 22 rifle club. The group will be made up into teams and scores will be kept.

Frederic has a 22 rifle club organized and we think these two communities could have some very fine shooting contests.

Anyone interested in joining this club see either Russell Robertson or Elmer Penton.

FREDERIC SCHOOL

Remaining Basketball Schedule.
Feb. 14—Wolverine at Frederic.
Feb. 21—Frederic at Gaylord (Reserves).
Feb. 28—Frederic at Houghton Lake.

Athletic News.
The Frederic High School basketball team came through with two more victories during the past week. Wednesday afternoon, about 3 o'clock, the first team boys left in cars for Atlanta. The school bus followed at 5:30 with the second team and anyone who cared to see the games. There were 43 on the bus.

The second team boys lost by score of 20 to 6, but the first team helped to cover up their misfortune by winning with a score of 28 to 15. The team appreciates the support given them by the people who followed them to Atlanta.

Friday night Vanderbilt invaded Frederic with three teams. The first game played by the girls was ended with a high score in favor of Frederic girls. The score was 30 to 6. Louise Vollmer scoring 20 points was high for Frederic, and Miss Lewis was high for Vanderbilt with 4 points. The Reserve boys team lost by a score of 9-10. It was a game full of thrills and went into an overtime period before the winner could be determined. The first team won another league game, coming out on the long end of a 27-17 score. Shirley Corsaut was high scorer for Frederic with a total of 14 points while Farland was high for Vanderbilt with 8 points.

We just have one more scheduled game in the league and that is Feb. 14 when Wolverine comes to Frederic. Keep it up Frederic, we're with you. The news has to be sent in too early to cover Monday and Tuesday night's games but we will have them in next week.

The Girls 4-H Club held their meeting Monday noon and planned a Valentine party. They are now planning patterns for their dress projects, to begin next Monday.

Mrs. Smith's room is now busy making valentines during drawing period.

Miss Helen Brooks spent the week end at Harbor Springs visiting at the home of Mr. and Mrs. Floyd Hoover.

The basketball girls are being entertained at the home of Miss Elvora Barber Thursday evening after which they will attend the theater at Grayling.

Who are the two students who insist on helping the opposing team by making baskets for them?

The boys 4-H Handicraft club which is named the Clever Carpenters Club, held a work meeting Monday noon. Several have finished their first projects and started their second.

The members of the Shop class are in the last stages of finishing their book racks. We have some very nice looking ones and some that are not so good. But this is the first project and the poorer ones have more chance for improvement.

Ervin Dunkley will report news for next week's edition.

Among the Clerks

(By J. Wellington Burnsted)
George Burke's garage now boasts of a new handy man—Sam Smith. He's guaranteed to be able to do anything from fixing your car to mending your tires—and don't think he can't fix 'em!

From remnants of recent rumors it is becoming generally known that one of our couples are about to hang out the "Mr. and Mrs." shingle. It seems that they have been caught in the act of "house hunting." What makes it all the more interesting is the fact that the little lady is one of our very own clerks.

Another young man who isn't anxious to have his name in the old cold print is a victim of a dying tackle, backed by fifteen to twenty pounds of canine fury. Said young man is going about with a damaged leg but none the worse for his seeming unpopularity along the dog line—yet!

Zoe Wells, whose fondest dreams are to be a full-fledged nurse, is back on the job as assistant nurse at Mercy Hospital. Since then it seems that the masculine portion of town residents just can't break bones rapidly enough.

Some of you may be wondering at the "lonesome" appearance of a certain young townsman. Investigation has revealed that, since she is temporarily out of employment, since the Central drug store fire, Eva Mae Bugby has embarked on a Flint visit.

During the week end rush the Plaza Grill was made the more noticeable by the presence of a new clerk—Rose Newell.

We have it on good authority that Edith Collins is a newly added addition to the Hanson Cafe waitress force. This may or may not interest you people for it is well known that Edith is always connected with restaurants—seeing as how she is a very good waitress.

Even the "Clerks" are coming in for their share of frozen ears and frost-bitten toes during this sub-zero weather. Makes us all sort of wonder why the merchants don't get in some of them ear muffer things!

Michelson Memorial Church

Sunday, Feb. 8th.
10 o'clock: Church School.
11 o'clock: Morning Worship.
Sermon: "Messages from the Psalms."
Wednesday, Feb. 12th, 2:30.
The Woman's Home Missionary society meets at the parsonage.
Thursday, Feb. 13th.
7:30, at the church: The Forum.
Subject: "Gandhi, the Great Soul."
Every one is cordially invited to the Church School, the Morning Worship service, and the Forum.

Notes.
The Forum group have been intensely interested in the recent studies in the life of Kagawa. On Thursday, Feb. 6th, the life of C. F. Andrews, will be studied. Dr. Andrews is considered one of the greatest religious leaders of this generation.

Mrs. Poor's class enjoyed a party at the home of their teacher last week. Mrs. Flory enjoyed a happy pull at the parsonage on Wednesday of this week.

The Lenten season begins on February 28th this year.

Religion is our only safe guide in these days of moral, political and economic wandering. Let us follow its principles and endeavor through the church and elsewhere to make effective these teachings.

Womans Club

The Club held its annual meeting at the home of Mrs. Fred Welsh Monday evening with the president, Mrs. Vivian Peterson, in the chair.

The result of election of officers was: Pres., Mrs. Beatrice Hoesh; Vice Pres., Mrs. Helen Clippert; 2nd Vice, Mrs. Clara Sales; Sec., Mrs. Beryl Flory; Treas., Miss Margrethe Hemmingen.

The Drama committee was in charge of the program. Two very well written papers by students of Miss Peeke's English class were read—"The Rise of Drama," by Elleen Ferguson was read by Miss Shirley McNeven; "Characters of Shakespeare's Plays," by Dorothy Schweitzer, was read by Miss Josephine Nichols. Miss Eva Dorr is chairman of the drama committee.

The Committee served a very delicious lunch.

Next Monday night will be Guest night, with members of Woman's Study Club of Gaylord and the Kiwanis Clubs of both Gaylord and Grayling as guests. The meeting will be held at Michelson Memorial church.

Barley Corn Used as Measure
As early as 1007 there is the reference to barley corn used as a measure. "It is ordained that three barley corns, dry and round, shall make up the measure of an inch." In 1811 there is a reference to a barley corn as a measure of one-fourth inch.

Grange Notes

The Grange master appointed his committees Saturday at the regular meeting. There was a good attendance with pot luck lunch at noon.

The Grange always has pot luck lunch with good hot coffee furnished by the Grange, and welcome all farmers to join them on their regular meeting Saturdays.

At the next regular meeting on Feb. 15th there will be a linen shower for one of our members Mrs. Delbert Edwards (Marleah Kochanowski). All members please take notice.

THE THINGS YOU THINK
By DOUGLAS MALLOCH

THE things you think men care about
When you stay home, when you step out,
Are not the things, it may befall,
That people care about at all.
Some are so careful of their dress,
Yet guilty of the carelessness,
Some merry night, some busy day,
Of what they do and what they say.

The things you think that callers note,
And long remember when remote,
Are not the things remembered then
By other women, other men.
Some are so careful that the drapes
Are certain colors, certain shapes,
And yet their house may be a place
Without a single Christian grace.

The things you think that men discuss
When time has had its time with us
Are not the things that men relate,
Our worth, or wealth, to estimate.
Some are so careful that they leave
A great estate to those who grieve,
And yet their monument shall be
Not money—but a memory.

THROUGH A Woman's Eyes
By JEAN NEWTON

ON DOING IT "FOR RELEASE"

SHE does it, they say, "for release." She has plenty of troubles that she doesn't want to think about, so she seeks release—in her particular case it is gambling—whenever she gets a chance to "run away" from her troubles.

It's not a new idea, this one of getting "release" by just "running away" and sort of "losing yourself." It's a very old one and a very sad one. And the story has been told in many different terms ever since the world began. The whole gamut from the most petty foolishness to the most vicious crime has been labeled as a "release" for some man or woman from their troubles.

But "losing one's self" is something never was release. It is always just another kind of slavery. And the reason is simple. We cannot run away from ourselves, we cannot find release from ourselves. And it is within ourselves that our difficulties and troubles must find a solution. So the problem is not how to lose ourselves, which is impossible, but how truly to find ourselves—and overcome our difficulties.

And the first step in finding ourselves is to face our problems, squarely and courageously, and put the best we have to work on them. Doing our best in that way we shall be truly released, truly free.

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

Thursday, February 6, 1913

Thos. Cassidy is visiting in Cheboygan this week.

Mrs. C. D. Reynolds entertained a few friends in honor of Mrs. Earle Kidd Sunday afternoon.

Miss Maude Lantz, of Lewiston, attended the Junior High Friday evening, also the I.O.O.F. ball Tuesday evening.

Miss Marie Foreman entertained her friend, Miss Anna McCormick, of Lovens Friday. Miss McCormick attended the Junior High in the evening.

Miss Lillian Larson, daughter of Robert Larson and Mrs. Lloyd Larson, son of Mr. and Mrs. A. F. Clarke were united in marriage last Thursday evening at the home of the bride's father, where they will reside.

Word has been received here announcing the marriage of Miss Roscoe Peterson to Mr. John Peterson, of this city. They were formerly of this city.

Miss Marguerite Chamberlain left for Mackinac Friday afternoon and attended the Cornet band dance there.

Victor Peterson who is attending Paris Institute at Big Rapids, was taken ill while at school and arrived home Friday afternoon. He was taken to Mercy Hospital Sunday where he underwent an operation for appendicitis Monday noon. He is getting along nicely we are glad to say.

Mrs. Marius Hanson was a charming hostess to a very pretty party given at her home, Thursday afternoon, January 31. There were about 40 ladies present and 200 was enjoyed until 3 o'clock when a dainty luncheon was served. Mrs. A. W. Hanson received the honors. That the afternoon was thoroughly enjoyed by all was shown by the pleasant way in which the guests said goodnight to their hosts.

Miss Nellie Shanahan of Frederic attended the I.O.O.F. ball here Tuesday.

Alvin LaChapelle has returned from Detroit and other cities after an absence of three weeks.

Those smiles on Earl Penn's face are caused by the arrival of a girl baby at his home.

Christ Michelson, of Bay City, has been visiting his sister, Mrs. Peter Larson for a few days.

Mrs. C. A. Ackerman returned from Detroit Thursday, where she has been caring for her mother.

Arthur McIntyre has returned to school and is back assisting in the postoffice after school hours.

Scott Loader is out of the city. He is in the southern part of the state looking after business matters.

Miss Mollie Johnson came down from Wolverine Tuesday afternoon, and attended the I.O.O.F. ball in the evening.

Otto Simpson, of Detroit, visited Miss Irene Lesprance Tuesday and Wednesday of this week. From here he went to Kalkaska to visit his parents.

The Hek-kai-dek-a girls entertained their gentlemen friends instead of their regular meeting with a sleighride out to the John Ealing farm home, in Beaver Creek, Monday evening. The most important event of the

evening was a chicken dinner served at 10:30. They departed for their homes amid song and laughter. Mrs. Esbern Olson and Mrs. E. R. Woodburn acted as chaperones.

Last Monday Mayor Hanson and five townsmen made an inspection of the hydrants in the city, and found the one at the school house and the one on Michigan Avenue, in front of Salling, Hanson Co's store, to be frozen. It required considerable effort to thaw out the latter hydrant—a fire had to be built around it for several hours. This same hydrant gave trouble last winter.

For some time the class of 1914 have been planning and preparing for the biggest event of their Junior year. The Junior High and on Friday evening they gave a party at the opera house that far surpassed their fondest hopes. This class might be justly proud of themselves as a social entertainer. The members of the class are as follows: Helen B. a man, president; Bernadette Cassidy, vice pres.; Lila Cassidy, treasurer; Elsie Salling, Edith Love, Anna Walton, Margaret Merriman, Robert Roblin, Mailda Foley, Louis Joseph, Edward Bunting and Altha Nielsen.

This office has just installed some new printing machinery, and more will be coming soon. The best is none too good for us.

The first annual ball and banquet given by the members of the Independent Order of Odd Fellows was held at Odd Fellows temple last Tuesday evening. It was a most interesting party of mingling social season.

A. M. Lewis & Co. are remodeling their store—the change will change their sales room and prescription department and give them more light.

F. Minks has received a letter from his brother Alfred W. Minks and he says he never enjoyed anything as much as he does the Avalanche. He recently became a subscriber.

School Notes (23 Years Ago)

Eleven pupils are taking work in the beginning of geometry.

The State Superintendent of Public Instruction has arranged for a teacher's institute to be held here next week.

A reception will be given by the faculty to the members of the board of education, visiting teachers and parents next Wednesday evening in the high school room. Parents are not only invited but they are urged to be present.

Automatic valves have been ordered for the steam pipes and radiators. It is expected that these will materially increase the efficiency of our heating plant.

BULL HEADACHES GONE, SIMPLE REMEDY DOES IT

Headaches caused by constipation are gone after one dose of Adlerika. This cleans poisons out of BOTH upper and lower bowels. Ends bad sleep, nervousness. Mac & Gidley, Druggists.

Washington Notes And Comments

(By Congressman Roy O. Woodruff)

Here's the bad news!

An advance report I have received from the Department of Commerce, listing imports of agricultural products for the year 1935, reveals very startling information. The increases in imports of those products over the year 1934 as disclosed by this report are shockingly large. Below are listed only a few of these products, but an inspection of the figures will satisfy any unbiased individual that a continuation of the present agricultural policy, and the present policy of reducing the tariff on all products through the reciprocal trade agreements, will bring destruction to the American farmer and the American manufacturer. In addition to this a continuation of these policies will bring about a reduction of the American standard of living to that of the foreign producers who are bringing their products into this country in competition with American products in ever-increasing quantities.

Farmers, examine the following table closely:

Cattle (live)	364,623
Hogs (live)	3,414,317 lbs
Meat products	115,059,124 lbs
Animal oils and fats (edible)	18,895,241 lbs
Dairy products	74,976,209 lbs
Eggs in shell	482,076 doz
Eggs, frozen, dried, etc.	7,032,974 lbs
Barley	4,839,678 bu
Corn	43,242,296 bu
Oats	10,106,903 bu
Rye	9,642,523 bu
Wheat	27,436,870 bu
Buckwheat	696,284 lbs
Soy Beans	107,463,044 lbs
Rice and Rice products	53,461,904 lbs
Barley Malt	320,622,537 lbs
Fodders and Feeds	1,038,411,537 lbs
Vegetables and preparations	642,203,926 lbs

Every item listed above is one which competes with the products of the American farmer, and which because of heavy importation from foreign countries, adversely affects the price which the American farmer receives for his products raised on his farm.

A particularly outrageous situation exists as regards sugar. The report discloses that the importation of cane sugar in 1935 was 10,404,000 pounds greater than in 1934. People living in the vicinity of Detroit have not forgotten that as a result of the Administration's program of reducing the production of sugar in this country, the amount which the American farmer is permitted to produce has been arbitrarily and drastically reduced, notwithstanding the fact that we only produce thirty per cent of the sugar we consume. As a result of this reduction the Michigan Sugar Company's plant at Essexville was closed and dismantled, and many American farmers who heretofore enjoyed the privilege of raising sugarbeets are either now unable to raise any crop or must necessarily reduce the number of acres planted.

The increased allotment of sugar for American consumption given to the foreign producers would, had it been given to the American farmer instead, have been sufficient to have enabled the operation of a number of additional beet sugar factories in the beet growing areas. It would have been the medium through which, in round figures, \$22,000,000 might have been distributed among the farmers, the workers, the coal miners, and railroad men, and would have been the medium through which additional prosperity could have been brought to our people.

In discussing this matter with Congressman Lemke of North Dakota, he made the statement that coming into this country during the past year there have been agricultural products valued at \$1,200,000,000, all of which could have been produced on American farms. It is his opinion, and in this I agree, that if we would reserve to our farmers the American market for all those products which can be produced in this country, our farm problem would disappear. There would be no further urging that good agricultural lands be taken out of production. Our farmers would receive a fair price for their products, and the manufacturer, the business man and the laborer, would enjoy an immediate return to normal economic conditions because of the additional buying power which would be given to our great agricultural classes.

New Chevrolet Truck on Economy-Safety Run

Carrying a 10,000-lb. cement block from Los Angeles to New York, a 1½-ton Chevrolet truck—one of the new 1936 models just introduced—demonstrated that safe driving means economy. Speed limits were observed in every community, with 35 m.p.h. the maximum on the open road. The 1511.4 miles were completed on two quarts of oil and 308.6 gallons of gasoline, at a cost of 01.6 cents per mile, or one-third of a cent per ton mile. The entire run was completed without any mechanical failure, repairs, or even a scratched fender. The illustrations show the 15-ton truck and features of the new 1936 models. Coupe type cab with solid steel roof, full-floating rear axle, and full-length water jackets, are some of the improvements. In the lower right, Harry Harris, who drove the cross-country test, is seen beside the 10,000-lb. block. The test was officially observed by the American Automobile Association.

Slugs Used on Coast
In the early 1850's, when private companies and a federal assay office were the only gold coin makers in California, "slugs" were made and imprinted with the name of the official assayer or the private concerns, giving the weight and worth of the gold. These were square, rectangular or round pieces of circulated as regular money in the frontier state.

Oregon Has the World's Largest Siphon

THE axiom that water seeks its own level is the principle behind the siphon. The one shown above is the world's largest, yet in principle it is no different from the little glass siphons used in chemistry laboratories. The Matheur river siphon of the Owyhee project in Oregon is built of steel pipe 80 inches in diameter, and is more than four miles long. It carries the main canal of the Owyhee project through Matheur river valley and over a low range of hills beyond, without requiring any pumping.

Easy Payment Plan For Ford Customers

Eight years ago the Universal Credit Company began its history as an important factor in the commercial, financial, and industrial life of the nation—a specialized financial institution created for the exclusive purpose of providing a stabilizing factor in financing the time sales of Ford cars and trucks.

During this period, Universal Credit Company has financed the purchase of new Ford cars and used cars sold by Ford dealers exclusively to the motor-buying public of America in the amount of more than one and a half billion dollars, serving a total of more than 2,600,000 Ford customers. Such, in brief, is the history of one of the nation's greatest financial service corporations.

UCC has been repeatedly responsible for the reduction of finance costs for Ford buyers. The

large volume of business developed has made possible constantly improved plans, providing courtesy, safety, and economy for the Ford purchaser desiring to buy out of income. UCC again follows with the lowest and best plans it has ever offered.

Under the new UCC Plans, after the usual low down payment, the Ford buyer can purchase his Ford car anywhere in the country on installments of only \$25.00 a month. The cost of this extension of credit is only 1% per month on the original unpaid balance and insurance. Convenient UCC charts show these finance charges which are computed by multiplying the unpaid balance plus insurance by 1.01 per month (6% for 12 months—which is not simple interest but a multiplier for computation).

The insurance provided in the New UCC Convenient Payment Plans protects the purchaser's car against Fire and Theft, Collision, Flood, Windstorm, Tornado, Cyclone, Hail, Riot, and other elements of physical damage—com-

plete protection against accidental physical damage to the car itself.

Families buy Ford cars today as they have for thirty years because of outstanding value. Outstanding quality at low cost has made the new Ford the choice of millions.

"Ours is more than an exclusive credit institution serving Ford dealers and Ford purchasers," the UCC Saginaw Branch Manager, Mr. Hill, recently stated. "We look upon the Universal Credit Company as an active arm of the Ford sales force, charged with the duty of helping the Ford dealer and the Ford purchaser in any matters where credit is involved and which has such an important bearing on the merchandising of automobiles."

Another important sales function of the Universal Credit Company which Mr. Hill brought out in our interview was the very important matter of goodwill. "The buyer delights in dealing with an organization which gives him prompt and courteous treatment, that deals with him in absolute fairness, ever maintain-

ing the high standard of its service—a service rendered with the thought constantly in mind of making a repeat customer of the buyer. This he becomes as the result of a natural appreciation for the value in the products and the sincerity of the manufacturer and the seller."

A truly helpful credit service with friendly treatment is the business philosophy behind UCC credit operations. The convenient terms and low cost and safety features offer Ford buyers real economy and safety through a company that serves the Ford market exclusively. UCC Plans are available to Ford purchasers at Geo. Burke's Garage, Grayling, Mich., who is an Authorized Ford Dealer in this community.

Camp News

CAMP HIGGINS LAKE

This organization is still under the scarlet fever quarantine imposed January 21 with several additional cases. Project work is continued, but enrollees are not permitted away from camp for recreation or visiting purposes. Educational activities have been curtailed to lessen the danger from congregation of groups.

Chief Foreman M. S. Gerred expects to return to land economic work with the Department of Conservation after the 15th of the month with headquarters at Gaylord. This was the work he was doing before the organization of the emergency conservation work camps. It is reported that Andrew K. Braidwood now at Camp Ausable, will be transferred here as chief foreman.

Barracks three is undergoing alterations for a recreation room and a new post exchange of rustic design is being built with cedar. The front portion of this barracks, which was an auxiliary hospital ward, will normally be used for educational activities.

Rudolph Johnson, an enrollee from Grand Rapids, has been made company clerk.

Lieut. J. D. Hartley has been assigned to duty at this camp, being transferred here from Camp Ausable. He was here for several months about two years ago, being transferred to Camp Gienne. Lieut. Nielson, who was here for a short period after abandonment of Camp Pioneer, has been sent to Friesland for duty with a colored organization.

This camp has been assigned a Caterpillar "40" tractor, equipment of the abandoned Pioneer organization. Three tractors are now available for next summer's extensive work projects, the others being a McCormick-Deering "A40", and a Centrac "30" trail builder.

The Jack pine seed extraction project now being carried on and sponsored by the U. S. soil erosion service is progressing favorably and without question the seed will be ready for planting next spring.

R. W. Eschmeyer of the fisheries institute of the University of Michigan has praised the work of the creel census crews working at the camp on lakes Margrethe and Higgins.

CAMP AUSABLE

Ausable was victorious in two basketball games during one afternoon last Saturday. Camps Houghton Lake and Kalkaska were the victims of 88's nifty cagers. The score in the first game was 21-12 and the second 20-18. Wick May was the high point man for Ausable. For Houghton Lake Sorenson scored the most, and Ellis for Kalkaska.

Enrollees Nagel, Spink, Benak, Grasses and Genns left the company to accept employment and various other reasons.

Logs are being prepared for a novelty front to the Post exchange. It is to be enlarged and renovated.

Headquarters building has a new floor. Work has been started on the walls. They are to be paneled with cedar to the height of four feet and buff colored celotex covering the remainder.

The pump house has been improved with a new metal and celotex lining. This makes it more attractive and fireproof. This work is being supervised by Lieutenant M. Pierson.

Curtains have been hung in the officers mess. It gives the room a more home like atmosphere.

Applications for examination as Junior Assistant Technician are to be handed out to qualified enrollees Thursday. The men will fill them out and send them to the civil service commission at Washington, D. C.

Stakes were placed Wednesday morning for the foundation of the new educational building. The foundation will be laid the first of next week. The plans for the building call for a log structure 48x24 feet. It will contain one class room, reading room and library, office and shop.

Many Affected by Day Blindness
Persons who are afflicted with day blindness, the inability to see as well in daylight as in darkness, are far more numerous than those who suffer from night blindness. The inability to see at night is a substitute for a cod liver oil—a full grown animal producing 10 or 12 gallons.

Albanians Oldest People in Southeastern Europe

The Albanians are an old people, the oldest it is said in southeastern Europe. Their ancestors occupied the country along the eastern shore of the Adriatic, called Illyrium by the Romans and Epiros by the Greeks, before the beginnings of Rome or Greece; and, although in the succeeding centuries they have at different times been subject to the Macedonians, Romans, Goths, Slavs, Normans, Venetians and finally the Turks, they have on account of their strong nationalistic character been able to maintain themselves practically unmixed with other peoples.

About the most that can be said, notes a writer in the New York Herald Tribune, is that their various overlords have here and there added a few words to their otherwise unique language. Like the Scotch and the Welsh, their mountain homes defied complete subjugation.

While the Albanians are one of the oldest of European peoples, they are also one of the most primitive. Their seclusion arrested their development centuries ago with the result that their mode of living more resembles that of medieval than modern times. The interrelation of society is almost that of feudal Europe, the large land holders exercising great power within their own domain and collectively being the governing force in the country. The principal occupation is stock raising. Agriculture, where it exists at all, is performed in the crudest manner. Nor has any advantage been taken of a climate where many fruits, including mulberries and grapes, could be grown.

Place Names Associated With Our Common Foods

Many place names are mainly known by their association with some article of common use, says Tit-Bits Magazine. Saville and Jaffa go with oranges; Barcelona and Brazil with nuts; the Canary Islands with bananas; Ceylon, China and Assam with tea; a little village, six miles south of Aberdeen, called Findon and pronounced Finnish, is known all over the globe by reason of its smoked dried haddock. Similarly, Yarmouth is associated with hoiars, Whitstable with oysters, Canterbury (New Zealand) with lamb, Everton with coffee. Bath with a certain kind of brick and stone, as well as with huns. Cement goes with Portland, and Rice with Nottingham, carpets with Kidderminster and Brussels, although the last named is probably better known by its sprouts. Turkey has long been associated with rhubarb and Turkish delight as well as with carpets, and Jerusalem is wedded to artichokes. Virginia and Egypt exist for thousands chiefly by reason of their cigarettes.

Origin of Visiting Cards

Visiting cards are of Chinese origin. The story runs that more than a thousand years ago they were in common use in China. From very ancient times to the present day the Chinese have observed the strictest ceremony in paying visits. The cards which they use for the purpose are very large, and usually of a bright red color. When a Chinaman desires to marry, his parents intimate the fact to a professional "match-maker," who thereupon runs through a list of her visiting acquaintances, and selects one whom she considers a fitting bride for the young man. She then calls upon the young woman, armed with the bridegroom's card, on which are inscribed his ancestral name and the day of his birth. If the answer is an acceptance of his suit, the bride's card is sent in return. Should the oracles prophesy good concerning the union, particulars of the engagement are written on two large cards tied together with red cord.—Montreal Herald.

Sea Star Can Walk

The sea star is a member of the starfish family, generally a vivid blue in color. Most sea stars have five arms, but some have only four, and others have over thirty. Small tube feet which usually have suckers at their tips are ranged along the lower surface of the arms. If the sea stars are in danger they can shed a ray and grow a new one in its place. A sea star can walk only very slowly with its tube feet, notes a writer in the Washington Post, but can open an oyster with them by fixing the suckers on different rays to the valves of the oyster's shell, and pulling until the prey can no longer keep its shell closed. Then the sea star brings his stomach out through his mouth, which is on the under side of his body, and wraps it around the oyster. When his meal is finished he puts his stomach back again.

The Dugong

A dugong is an aquatic mammal, native to Australia and the Indian ocean, and closely related to the manatee. Its body is bluish-gray and seal-like, with front flippers and a broad, flat tail. The flesh is edible and considered a great delicacy by the Malays. The oil is a substitute for cod liver oil—a full grown animal producing 10 or 12 gallons.

All footwear at greatly reduced prices at Olsons.

Holger (Dad) Hanson is driving a beautiful new Nash sedan.

Gilbert Vallad has been ill at his home for the past week with a bad cold.

Wilhelm Raee is driving a new Buick sedan purchased from Schoonover's garage.

Scientists have estimated that one female smelt of approximately seven inches in length will produce and carry as many as 25,000 eggs.

Mercy Hospital Aid will meet at the home of Mrs. C. R. Keyport on Thursday afternoon, Feb. 13. Mrs. Clippert will assist and there will be cards and sewing.

Miss Elizabeth Kraus has secured employment in Detroit. She plans to work there only temporarily since she expects to take up a teacher's course in the near future.

Petoskey Winter Sports carnival begins there Friday, and continues ten days. National championship skating events will be held there during the carnival, together with the usual carnival events.

Mrs. Lorane Sparkes entertained her Contract club Saturday afternoon at luncheon. The guests were served on small tables scattered through the living rooms. Mrs. C. G. Clippert held the winning score.

A Detroit newspaper columnist wants to know if when Senator Long (wife of the late Huey Long) gets into the senate they will call her Queenfish. He should know better—the Kingfish always called his wife "Battle Axe."

Mr. and Mrs. John LaMotte, of Beaver Creek, have moved into town for the remainder of the winter and are sharing the home of the former's parents, Mr. and Mrs. David LaMotte. The latter has been quite ill with the flu.

Olson's Shoe Store is open for business; greatly reduced prices on everything.

The attention of the general public is called to the fact that in case it is necessary to call the night watchman, it may be done merely by calling the telephone operator. The operator then blows one short blast on the siren, which notifies the officer that he is wanted.

Studies made of adult rainbow trout indicate that this species are essentially fish of large open waters where they can obtain abundant food. After ascending streams to spawn they return to Great Lakes waters, now long are young remain in the streams is not known.

Michigan residents are warned by Secretary of State Atwood not to drive outside of the state without their 1936 license plates as it is possible they might encounter some difficulty with the authorities of the other states. Michigan licenses have been extended to Feb. 29.

Word has been received from Carl Sorenson and family from California who report they are having a wonderful time in the far west. It took the family eight days to make the trip and the only car trouble they experienced was a flat tire, which occurred on a mountainside. They are having very fine weather out there now.

Monday evening will be Guest night for the Woman's Club. An evening of music will be given at McNeison Memorial church. Mr. Walter Goss, violinist of Grayling, as guest artist, will be assisted by the Music committee of which Mrs. C. G. Clippert is chairman. Guests will include Woman's Study Club, Gaylord; Kiwanis clubs of Gaylord and Grayling.

Grayling friends will be pleased to know that the B. Trudeau, or Saginaw, who carried on so many honors in the special skating races is none other than Bert Trudeau, who spent his boyhood in Grayling. He is the son of Mr. and Mrs. Thomas Trudeau, who owned and operated the bakery here years ago. The young man is a whiz on skates and won several honors at the Alpena carnival also.

Mr. and Mrs. C. V. Saunders have returned from an extensive vacation trip in the south and report an excellent trip. They traveled as far as Chattanooga, Tenn. Mr. Saunders, formerly of Camp Hawick, was to begin his duties today at Camp Yankee which is located near Lansing. Mr. and Mrs. Saunders made a great many friends while here and their friends regret their leaving our community.

There was a small attendance at the Kiwanis meeting Wednesday. The principal feature of the meeting was an address on "Running a Newspaper" by the local editor. Next Wednesday there will be a Lincoln birthday address by Edgar Flory. The following week Washington's birthday will be observed by an address by Charles Moore. Members should make it a point to be in their respective places on those two occasions.

Fire resulting from an explosion of their gasoline stove caused quite a little damage at the apartment of Capt. G. E. Murphy, over Burke's garage. It so happened that firemen were holding their meeting on the lower floor of the building so that it was not necessary to turn in an alarm. The flames were quickly extinguished but had made so much headway within just a few minutes that the whole building might have been in grave danger had the firemen not been so near at hand.

Mrs. F. A. Barnett and Adolph Peterson are the local hardware dealers who will attend the 42nd Annual Convention of the Michigan Retail Hardware Convention to open in Detroit Tuesday, February 11th. In connection with the convention there is held one of the country's largest exhibits of hardware, sporting goods, electrical specialties, housewares, stoves, paints and allied lines. This exhibit known as the Michigan Merchandise Mart, covering over 12,000 square feet, shows the latest developments in hardware merchandise and merchandising methods.

To honor Mrs. Lorane Sparkes, who with her family are to take up their residence in Lansing, her Contract club entertained with a very lovely luncheon at Shoppenagons Inn Tuesday afternoon. A winter bouquet arrangement added to the attractiveness of the table. Three tables were filled for contract at the home of Miss Margrethe Bauman following the luncheon. Mrs. Sparkes received the honor guest prize and Mrs. C. G. Clippert the high score prize.

Won Hard Game At Boyne City

Coch Cornell and his North-
ern Lights journeyed to Boyne
City Friday night and brought
home the bacon in the form of
another victory. The locals cap-
tured the lead in the second quar-
ter after having been held to a
tie of 4-4 in the first quarter and
the score at the half time was 9-5.
Boyne didn't seriously threaten
until the final stanza when it
managed to pull up to within one
point of the Green-clads, making
the score 12-11. That finished
their scoring and Grayling made
three more pointers so that the
final score read: Grayling, 18;
Boyne City, 11.

The East Jordan game, sched-
uled for Tuesday night was post-
poned because of the severe cold
weather and the blizzard that
prevented them from coming.
Grayling—18.

Poster Slogan Con- test Closes Soon

"You are hereby offered a tour
of Isle Royale with all expenses
paid as an award for the poster
slogan which you submitted in
the state Conservation Law-Ob-
servance contest."

Late in February this message
will be sent by the judges to
four Michigan high school pupils
—two boys and two girls—whose
identity is now unknown. They
are among the 10,000 young per-
sons now entered in the poster-
slogan contest being conducted
by the Federated Garden clubs
of Michigan in cooperation with
the Department of Conservation.

More than 100 garden clubs
and other organizations throug-
out the state are sponsoring local
contests as part of the state com-
petition from which the Depart-
ment of Conservation will obtain
suggestions for law-observance
slogans to post along northern
Michigan highways somewhat
similar to the signs now in use.

The poster-slogan contest has
little more than a week to run.
It comes to a close Saturday, Feb.
15 after which date entries from
local contests will pour into
Grayling where the winning

poster-slogans will be judged.
Mrs. Elizabeth Symons of
Saginaw, state Conservation
chairman of the Federated Gar-
den Clubs, announces the follow-
ing judges: Harold Titus, Trave-
rse City; Albert Stoll, Jr., De-
troit News; Mrs. O. E. Hunt, Ann
Arbor, president of the Federated
Garden clubs; and Director
P. J. Hoffmaster of the Depart-
ment of Conservation.

EXAMINATIONS FOR WARD- ENS AND TOWERMEN

Annual competitive examina-
tions by which 260 fire wardens
and towermen will be selected
for the coming spring summer
and fall months will be conduct-
ed by the Department of Con-
servation during the first week in
March.

The examinations will be held
in each of the 14 district forest
fire headquarters in the upper
and lower peninsulas. These
lower Michigan headquarters
posts are: Boyne City, Atlanta,
Mio, Roscommon, Traverse City,
Baldwin, and Gladwin.

The examinations will be sup-
ervised by district, regional and
staff representatives of the De-
partment of Conservation.

Men who desire to compete for
either position of fire warden or
towerman may file applications
at the respective district head-
quarters.

quarters, from which places
notifications will be issued as to
when they should appear for ex-
amination.

OTHER EVENTS SCHEDULED FOR MICHIGAN CITIES

(From Cincinnati Times-Star,
by Kellogg M. Patterson).
Grayling, Mich., January 29—
(Special)—Somewhere between
15,000 and 18,000 people from all
parts of Michigan, together with
a scattering from other Middle
Western States, participated in
the annual Grayling Winter Car-
nival last week-end, making it
the most spectacular and success-
ful event of its kind yet held in
this State.

Special snow trains from De-
troit, Bay City and Saginaw
brought 4,000 participants, while
automobiles clogged the roads
early Sunday morning, when the
movement was at its height. State
police were used to direct traffic.

Costumes made it a very color-
ful picture, both on the streets
of Grayling as well as at the big
winter sport field, where two
skating rinks, three toboggan

slides of 1,900 feet and two ski
jumps afforded ample opportuni-
ty for every one to engage in
his favorite winter sport.

The crowning of Grayling's
winter queen, Miss Virginia
Skingley, took place on Saturday
evening at the annual winter
carnival ball before 3,000 people,
and on Sunday she was assisted
by the queen of the State, Shir-
ley Squires of Harbor Springs,
and Gertrude Riggs, queen of
Petoskey, where still another big
winter carnival will be held Feb-
ruary 7 to 16 in connection with
the national speed skating
championships.

During the present week-end
Alpena, Cheboygan, Cadillac and
Harbor Springs also will have
winter carnivals. The Ishpeming
carnival is scheduled for Feb-
ruary 18-22.

"OUR GANG" TO HAVE VAL- ENTINE PARTY

Thursday afternoon Mrs. Percy
Budd was hostess to "Our Gang,"
21 members responded to roll
call and there were two guests,
Mrs. Rollie Failing and Mrs. Lan-
caster. After the usual business
meeting games were enjoyed,
winners of which were: Mrs.
Middie LaMotte, Mrs. Hurl Deck-
row, Mrs. Lancaster and Mrs.
Earl Broadbent. In a flower
contest Mrs. Charles Corwin and
Mrs. William Williams won
prizes, and the penny prize was
given to Mrs. Hurl Deckrow.

The president appointed Mrs.
Middie LaMotte and Mrs. Laura
Parker as the sick committee for
February.

The next meeting will be held
at the home of Mrs. Archie
Brown on February 13. This
will be a Valentine Party. Every-
one is to bring valentines. Prizes
will be given for the best hand-
made valentine and a consolation
will also be awarded. Mrs. John
Stephan will furnish the Valen-
tine cake.

"I. O. U." Not Note
An "I. O. U." is not regarded as
a note since it contains no promise
to pay. It is an account stated and
payment may be demanded at once,
if no term is specified.
